

# Acsaven / Try family — Marketing launch report

**Date:** 30 July 2026 · **Studio:** [acsaven.com](https://acsaven.com) · **Maker:** Samson PG · Profiles: Peerlist / IH / Dev.to / PH / HN → [samsonpg](#) (Peerlist also [samsonpg077](#))

**Verdict:** Core marketing run is **largely complete** for Product Hunt, Indie Hackers, Dev.to, Peerlist projects, YouTube demos, and paste kits. Not finished: Hacker News Show HN (account gate), Peerlist Launchpad (Verify pay), BetaList (paid), AlternativeTo (after 5 Aug), SaaSHub/Uneed slot limits.

## 1. Products

| Product           | Site                                                              | Notes                                     |
|-------------------|-------------------------------------------------------------------|-------------------------------------------|
| TryTokka          | <a href="https://trytokka.com">trytokka.com</a>                   | Freemium SaaS · Scout alerts · not TikTok |
| TryQuickImg       | <a href="https://tryquickimg.com">tryquickimg.com</a>             | Free · local image tools                  |
| TryDevSnip        | <a href="https://trydevsnip.com">trydevsnip.com</a>               | Free · local JSON/JWT/cron                |
| TryCalculatingNow | <a href="https://trycalculatingnow.com">trycalculatingnow.com</a> | Free · calculators, no signup wall        |
| Acsaven           | <a href="https://acsaven.com">acsaven.com</a>                     | Studio hub · soft listings only           |

**Earlier / in progress**

- **Unneed:** TryQuickImg scheduled — [unneed.best/tool/tryquickimg](https://unneed.best/tool/tryquickimg) · others wait (1 free queue slot)
- **SaaSHub:** TryQuickImg + TryDevSnip submitted/pending · more blocked until approval · [QI listing](#)
- **GitHub org:** acsavenhq polish done · org avatar may still need manual upload
- **Launch kit:** G:\MY Company\Acsaven\acsaven\brand\launches\ (all paste sheets)

### 3. Parked / blocked

| Platform            | Status                            | When                                                                            |
|---------------------|-----------------------------------|---------------------------------------------------------------------------------|
| Hacker News Show HN | <b>Blocked</b> — new account gate | Comment thoughtfully · retry later · sheets in HACKERNEWS.md · account samsonpg |
| Peerlist Launchpad  | <b>Needs Verify</b>               | Pay identity or free work/edu verify · then Mondays                             |
| BetaList            | <b>Paid only</b>                  | Budget · sheets in BETALIST.md · QI then Tokka                                  |
| AlternativeTo       | <b>Cooldown</b>                   | After <b>5 Aug 2026</b> (~evening Stockholm) · personal GitHub                  |

|                      |       |                          |
|----------------------|-------|--------------------------|
| SaaSHub / Uneed more | Slots | When free approvals open |
|----------------------|-------|--------------------------|

## 4. Accounts cheat sheet

| Platform                                            | Account                                      |
|-----------------------------------------------------|----------------------------------------------|
| Product Hunt · Indie Hackers · Dev.to · Hacker News | Personal · <b>samsonpg</b>                   |
| Peerlist                                            | Personal · projects under <b>samsonpg077</b> |
| SaaSHub · Uneed                                     | <b>hello.acsaven@gmail.com</b>               |
| BetaList (later)                                    | Either                                       |

## 5. Next steps (priority)

1. **Engage PH launches** — reply to comments; share links; no upvote spam; no site badge required yet.
2. **Hacker News** — browse + thoughtful comments for days/weeks → then Show HN one/day (DevSnip → QuickImg → CalculatingNow → Tokka).
3. **AlternativeTo** — after **5 Aug 2026**.
4. **Peerlist** — Verify when ready → Launchpad one product per Monday + maker comments from PEERLIST-COMMENTS.md.
5. **BetaList** — pay for 1–2 when budget allows.
6. **SaaSHub / Uneed** — submit remaining when free slots open.

## 6. Key dates

| Date            | Item                                                                         |
|-----------------|------------------------------------------------------------------------------|
| 30 Jul 2026     | This report · PH/IH/Dev.to/Peerlist projects live · HN Show HN gated         |
| ~3–6 Aug 2026   | Originally planned PH staggered days (products already live — engage anyway) |
| 5 Aug 2026      | AlternativeTo cooldown ends (approx.)                                        |
| Mondays ongoing | Peerlist Launchpad (after Verify)                                            |
